What is JMIE

JMIE is a consortium of U.S. Government agencies that requires timely information on maritime events and activities to perform its mission.

Page Denied

Broad Consortium Objectives

- Improve Mutual Support in Maritime Intelligence
- Institutionalize Intelligence Community
 - Law Enforcement Interaction
- Jointly Acquire Needed Data Sources
- Develop Facilities and Procedures to Do the Above Efficiently

JHE

JSS Mission

**To interconnect JMIE organizations
by means of automated data handling
and communication facilities**

JSS Purpose

**To enable joint operational use of
information on maritime activities
relevant to individual and shared
official responsibilities**

Specific JSS Goals

Provide a central repository of maritime data

Provide common access to data for JMWEE subscribers

Support multi-purpose utilization of data

Off-load community data retrieval and analytic functions from SEAWATCH

Limit additional resource requirements

JMIE Design Challenges

Large Number of Users

Wide Ranging Requirements

Broad Target Population

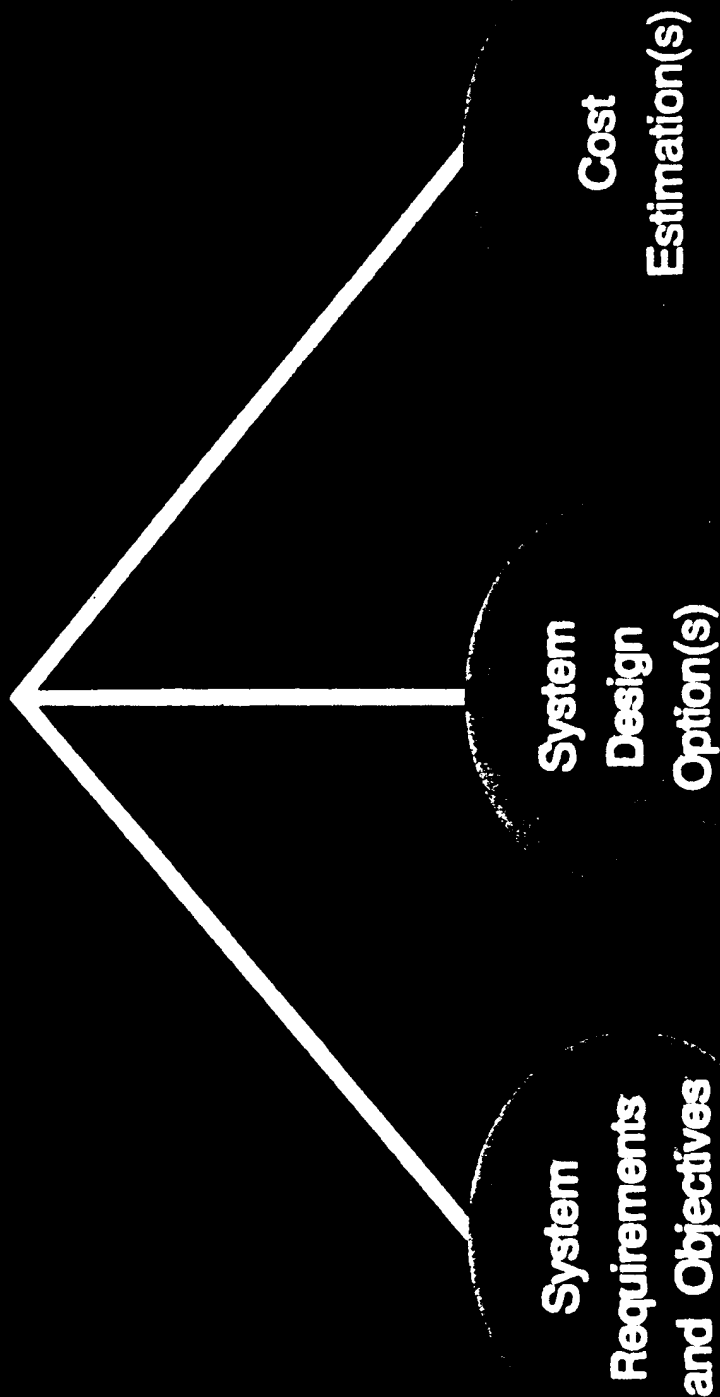

Diverse Data Sources

Potential Legal Complication

Minimize Security Restrictions

Three-Phase Contract
